Fine-grained annotation

Directness: Implicit
Composition Type: Bridging

Sub Q1: What is "Bundesliga"?

Sub Q2: What is indicative of the chance?

Sub Q3: Does the count of competing in European competitions higher in Bundesliga?

Question

Does being in the bundesliga increase the chances of competing in Europe?

Answer

Yes

Human reasoning path

Step 1: Find the row/columns of "bundesliga" (Indexing)

Step 2: Group the rows/columns based on "league" (Grouping)

Step 3: Ground to column "European Competitions" (Grounding)

Step 4: Conduct "COUNT" on each value of "European Competitions". (Aggregating)

Step 5: Reasoning on "increase the chances". (Arithmetic)
